Dear Mr. Bush:

CLOSURE PLAN APPROVAL: SOLAR TURBINES INCORPORATED, HARBOR DRIVE FACILITY, SAN DIEGO, CALIFORNIA (EPA ID No. CAD008314908)

The Department of Toxic Substances Control (Department) hereby approves Solar Turbines Incorporated's, Harbor Drive Facility Closure Plan (CP). The CP addresses the closure of all the facility's hazardous waste storage and treatment units. The approved final CP consists of:

1. Solar Turbines Incorporated, Harbor Drive CP, dated January 1993, and
2. Modifications to the CP made by the Department, dated June 24, 1993.

This approval is granted to Solar Turbines Incorporated, Harbor Drive Facility, located at 2200 Pacific Highway, San Diego, California 92101, pursuant to the California Code of Regulations, Title 22 (22 CCR), Division 4.5, Sections 66264.111 through 66264.120, and the regulations adopted pursuant to the Resource Conservation and Recovery Act as amended, 42 USC Section 6091, et seq.

You are directed to implement the approved final CP described above under the supervision of an independent, professional engineer registered in California, within ninety (90) days after the CP's approval date as required in 22 CCR, Section 66264.113. Please note that upon completion of closure, an authorized Solar Turbines Incorporated official must certify that closure was conducted in accordance with the approved CP. Two copies of the certification must be submitted to this Department.

Solar Turbines Incorporated shall notify the Department within 60 (sixty) days upon determination that clean closure of a hazardous waste storage or treatment unit is not feasible. The notification shall include a request for a permit modification to close the unit(s) under post-closure care as specified in 22 CCR, Sections 66264.117 through 66264.120.

Mr. Robert D. Bush
